**Organization website:** [www.ecoslo.org](http://www.ecoslo.org)

**About the Organization**

The Environmental Center of San Luis Obispo (ECOSLO) was founded in 1971 and is a local non-profit organization dedicated to protecting and enhancing the natural environment through community-based action, advocacy, and education.

Here's a list of some of our current programs and events:

- **Natural San Luis Docent Program** - Partnership with City of San Luis Obispo for docent-led hikes on city open spaces and trail maintenance on these spaces.
- **SLO County Parks & Trails Program** - Partnership with San Luis Obispo County for park maintenance, Adopt-A-Park and Adopt-A-Trail programs.
- **Coastal Cleanups** - Local contact for California Coastal Commission for the Japanese Tsunami Marine Debris Cleanups and National Coastal Cleanup Day in September.
- **ECOSummit** - An event bringing multiple environmental organizations together.
- **E-Waste Program** - Our center serves as a location where businesses and individuals can drop off ink and toner cartridges for proper recycling.

Through education, advocacy, and community building, ECOSLO acts to protect the natural environment and environmental health of San Luis Obispo County. We support renewable energy, energy conservation and efficiency, sustainable agriculture, green building and the local economy to promote sustainable economic development, protection of agricultural lands and open space, social equity, environmental justice and protection of our natural environment.

**Scope of Work**

**BOARD REQUIREMENTS**

- Board meetings are the 3rd Monday of every month from 6pm until approximately 7:30pm. Meetings are held in San Luis Obispo.
- Board members are asking to commit to the following:
  - join one Board Committee; meet monthly
  - financial donation of amount that is significant to member
  - attend major events (Coastal Cleanup Day in September, annual member appreciation event TBD)
  - be committed to vision and mission
